Meet, Terry Peak Chalets, a Midwest retreat like no place else. The atmosphere and experience of the Black Hills offer not only a dream wedding locale, but boasts executive chalets to match. With countless amenities and stunning scenery, Terry Peak will rejuvenate the soul and create special memories for you and your guests. Owner Rob Huber and Becky Sayler describe their Unique Venue.

Tell us a little about your venue.

Our grounds include a beautiful handcrafted timber pavilion, which is anchored by an oversized stone fireplace that sets the mood for the perfect evening amongst the night skies. Meanwhile, on the opposing side of the 1,200 square foot pavilion structure sets a serving and bar area for all of your entertaining needs.

There is a tremendous amount of value when it comes to having your wedding with us. One of the biggest benefits is the potential savings when it comes to the catering, alcohol and a coordinator. We are a privately owned property and do not require that you purchase food or beverages directly through us. You have the freedom to choose if you want to bring your own food or use a catering company. You have the liberty to choose a coordinator of your choice or DIY. These options give you ultimate control and flexibility, especially if you have a tight budget!

Our custom built 3,100 square foot chalets are

nestled amongst the pines and aspen trees and are located at the base of Terry Peak Ski Resort. These luxury vacation homes offer year-round lodging, including ski-in, ski-out access in the winter and access to a plethora of hiking and biking trails as well as snowmobile and cross-country trails. There is something for everyone, especially the outdoor enthusiasts.

For those who like to stay in, they can relax in the hot tub, read or make the most of the gourmet kitchen and/or enjoy a drink while grilling out on the deck. Each of our seven plush fully-furnished chalets can comfortably occupy from 14 to 16 people – a total of up to 106 guests all together.

What inspired you to start this wedding venue?

We wanted to share the unique beauty of the northern Black Hills and our beautiful vacation

homes and venue for couples starting their lives together. There are very few places in the Midwest that offer the pristine mountain views like ours.

What sets Terry Peak Chalets apart from other reception sites?

We have two very unique attributes that set us apart: location and value. We are the highest wedding venue in South Dakota. As a matter of fact, we are the highest wedding venue east of the Rockies until the Himalayas!

Why should brides choose a Black Hills wedding and reception weekend?

Choosing Terry Peak Chalets to host your special event will give you needed simplicity, charm, beauty, and uniqueness to your special day. Our chalets and pavilion are fully furnished and allow you to worry less, bring less and give you the flexibility to create your own individual theme that captures the essence of you. You don't have to worry about tables and chairs, a dance floor, or accommodations for your friends and family. It is all right here. In addition, the flexibility of your entertainment, dining and catering needs are all right here.

Another added benefit is the close proximity to the countless local attractions offered in the Black Hills. The historic town of Deadwood is a few minutes from the chalets. There are multiple restaurants and bars famous for their historic stories and gastronomical pleasures. There is so much to offer in the area (i.e. Spearfish Canyon, Mount Rushmore, the Needles Scenic Highway, Crazy Horse Memorial, Custer State Park and so much more!) and everything is within a short drive. This creates the perfect wedding weekend getaway for your guests.
